Dear Eric:

At the present time I am in the process of completing a catalog of notes and scrip issued by banks, merchants and others depicting coins. My list includes over 400 showing Spanish pieces-of-eight, silver dollars, gold dollars, etc.

I have been unable to locate any Missouri notes or scrip with a coin vignette. If you are aware of any, it would be most helpful if you would furnish me with the name and location of the issuer, the denomination and a description of the coin or coins.

Knowing how busy you are, I do not expect you to spend much time on my project but merely to provide me with information you already have.

Your assistance will be most appreciated.

Cordially,

George D. Hatie

Dear George:

Thank you for your nice letter of July 16, 1974. I enjoyed the opportunity of looking through my Missouri paper money collection on your behalf and naturally I did not want Missouri left out of your interesting list. I presume if I went through the rest of my collection I could add some more to your list but that would take a major workout.

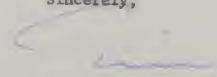

The only items I can find from Missouri which have coins pictured on the paper money are scrip from the Civil War period. City Treasury Warrants issued by Louisiana, Missouri, on December 15, 1862 carry an 1860 half dime both obverse and reverse on the 5¢ note and an 1858 dime on the 10¢ note. The same is true with respect to C. Rivers, a banker of St. Louis, Missouri, also dated December 15, 1862. The coins are green print, the text is black print. Photocopies are enclosed.

Please be sure to send a copy of your list when it is completed.

I look forward to seeing you at the A.N.A. convention.

Kindest personal regards.

Sincerely,

EPN/atb

Dear Eric:

Thank you so much for sending me the xerox copies of the Missouri Notes depicting coins. Needless to say, I am happy to include Missouri in my list, which I anticipate will be published in the Numismatist and possibly some time in a Reprint. Foreign, including Canadian, will be listed afterwards.

I do appreciate your time and effort in making the information available to me and will look forward to seeing you in about a week.

My very best regards.

Sincerely,

Dear Eric:

You will recall our discussion in Florida regarding my catalog of paper money with coin vignettes. I mentioned that I would like to include an illustration of at least one note for each state and you very kindly indicated that you could provide me with a photograph of one of the Missouri notes included on the Xerox page that you sent me and possibly notes from the other needed states.

In addition to Missouri, I need photographs of notes for the following states: Alabama, Illinois, Kentucky, Louisiana, Minnesota, Nebraska, New Hampshire, and Wisconsin.

I am enclosing copies of the portions of my list which show the notes from the last-mentioned states that are known to me.

I don't expect you to make a search through all of your notes and will be pleased to have even a photograph of one of your Missouri items. I, of course, want you to let me know as to any expense involved.

Thanks again for your help on my project.

Cordially,

Dear George:

I just returned from my vacation and have your request for pictures. I looked for the items you needed and have been able to locate pieces from Missouri, Illinois, Louisiana, Minnesota, Nebraska, New Hampshire and Wisconsin. I will have a photographer here make photographs for you.

I was not able to locate one from Alabama or Kentucky and suggest you try someone else for those.

It is a pleasure to be of help.

Kindest regards,

Eric P. Newman

Dear George:

In accordance with your request, there is enclosed herewith the pictures of pieces in my collection which I was able to furnish to the photographer. A bill is also enclosed. I was glad to be of help in this matter and wish that my pieces were a little better in condition.

The Thorne Bank which I used for the Minnesota example also has a \$1 with a \$1 silver coin, and a \$5 with a \$5 silver coin.

The best of the Holiday Season to you.

Thankyou very much for sending me the excellent photographs covering notes from seven states. Without your help I would not have been able to provide illustrations for those states. I am enclosing my check payable to Mr. Coco.

In order to complete my project, I must ask you an additional question. Two (2) Maryland colonial notes dated January 1, 1767, and April 10, 1774 (Xerox copies enclosed), bear what appear to be miniature Spanish 8 real pieces. Does the March 1, 1770, \$2.00 Colonial note also depict the same two coins? May I assume that there are no other Colonial notes with coin vignettes?

Dear George:

You are correct in that all three issues of the Maryland \$2 note bear the reverses of two Spanish dollars. I can read the word REX on one, but the crown shield is the most prominent.

As I told you, I have many more notes with coins on them which you apparently do not list, but it will take an enormous amount of time to locate them.
